

Annual report USATFNE Officials

BOB Gidari September 2022

214 officials on my list officials that re certified or in the process of certifying.

National office has 262 officials' total.

129 former officials that are out of 3 step compliance
Contacted September 22 to update/recertify.

133 certified according to national office.

These numbers are from Jamero's list sent September 22.

30 officials recertified or newly certified since September 21.

19 officials contacted since April 22 expressing interest in recertifying or becoming officials. Information gained from board members or other officials passing the word. 8 have completed the process.

2 Clinics are tentatively scheduled for Sept/October 22

Cost of a clinic is about \$65.00 each time for printed copies and materials.

Cost of postage is \$4.50 to send out ID's and pins.

Steve V had received interest from NCAA groups wishing a clinic. NCAA does not require certification. If a how to

clinic is fun for NCAA groups how do we know that he participants will be USATF members and continue the process of becoming certified USATF officials.
